

What is Positive Behavior Supports?

Can the environment affect how we behave?

Johns & Patrick

Presentation Expectations

- ◆ Honor each other's time
- ◆ Actively listen:
turn off laptops, iPods,
cell phones; avoid side
conversations; put aside
work
- ◆ Interact professionally:
avoid sarcasm, eye-rolling,
blaming students and
families for systemic failures

What is PBS?

- ◆ A set of principles derived from decades of behavioral research
- ◆ A nationally recognized means to create a proactive discipline structure
- ◆ A set of organizing practices rather than a specific program

Traditional Behavior Theory

- ❑ Views student misbehavior as inherent to the child
- ❑ Seeks to diagnose the internal flaw
(intellectual, neurological, psychological, emotional, moral)
- ❑ Is reactive – waits until the behavior is displayed
- ❑ Attempts to squash inappropriate behaviors
- ❑ Relies on specialists and alternative settings
- ❑ Often results in rigid, punitive environments
- ❑ Objective: Control

Adapted from The Well-Managed Classroom, Boys Town

PBS Theory

- ❑ Believes all behaviors occur within an environmental context
- ❑ Begins all investigations by examining the scope of the problem (school-wide, group, or individual)
- ❑ Is proactive – intentionally structures for success
- ❑ Systematically teaches and acknowledges appropriate behaviors
- ❑ Builds capacity for all staff to address both positive and negative student behavior
- ❑ Intentionally seeks to build positive, flexible environments based on review of data
- ❑ Objective: Self-management

Adapted from The Well-Managed Classroom, Boys Town

Multi-Tiered Supports

Tier One: School-Wide

- ❑ Commitment to PBS
- ❑ Universal Expectations & Rules
- ❑ Office Referral Procedures
- ❑ School-Wide Acknowledgement System
- ❑ School-Wide Social Skills Instruction
- ❑ Active Supervision
- ❑ Enforcement of Expectations
- ❑ Data-Based Decision Making
- ❑ Safe & Welcoming Culture

Tier Two: Targeted Group

- ❑ Strategic Behavior Instruction
 - School Success: Attendance, Classroom Survival Skills, Interacting with Confidence, Organization
 - Targeted Skill Development: Aggression, Anti-Social, Conflict with Authority, Drug/Alcohol, Impulse Control, Problems with Peers, Withdrawal
- ❑ Function-Based Intervention
 - Gain Attention: Check In/Out
 - Escape: Academic support
- ❑ School-Based Network of Support

(Team, Counselor, Psychologist, Behavior Interventionist, Administration, Mentor, etc.)

 - Proactive collaboration: staff, teams
 - Intentional staff/student interactions
 - Increased monitoring & feedback
- ❑ School-Based Structured Alternative Settings
 - Boys' Town Specialized Classroom Management (SCM) system
 - * behavior goals
 - * Proactive Teaching
 - * Effective Praise
 - * Corrective Teaching
 - * Crisis Teaching
 - * progress monitoring

Tier Three: Individual

- ❑ Functional Behavioral Assessment (FBA) → Behavior Support Plan (BSP)
 - Environmental modifications
 - Functionally Equivalent Replacement Behaviors (FERBs)
 - Curriculum modifications
 - Reinforcement system
 - Reactive strategies
 - Behavior goals
 - Communication systems
- ❑ Wrap Around Support
 - School-based network of support
 - Inter-agency collaboration
 - Continuous monitoring & feedback
- ❑ District-Based Structured Alternative Settings
 - School-based
 - * proactive
 - * Boys' Town
 - * on-site community personnel: probation, etc.
- ❑ Behavior Emergency Protocols
 - Behavior Response Team
 - Victims: physical/sexual
 - Danger to self and/or others: threat assessment, suicide risk
 - Penal violations: violent crime, sexual predators, fire starters

Changing Behavior is Complex

- ◆ Staff Behavior
- ◆ Student Behavior
- ◆ Parent Behavior

You can't change
what you don't
understand!!

Behavior 101

Behavior is:

- learned
- functional
- contextual
- human

Behavior is Learned

We teach and reinforce behavior everyday –
even “bad” behaviors

Behavior is Learned: School Examples

- ◆ Students on the Panther Team have learned that bell-to-bell instruction is an enforced expectation in only four of their six classes.
- ◆ A group of 7th grade girls has learned that staff do not check C-wing restrooms after lunch making it a great place to hang out during 6th period.
- ◆ Joe has learned that in order to be immediately excused from the classroom all he needs to do is call the teacher a "b-----."

Behavior Is Functional

We use behavior to achieve our desires

- Get/Gain
- Avoid/Protest

Behavior is Functional: School Examples

Behavior	GAIN	AVOID
As a result of misbehaving in the morning, students are sent to Detention during afternoon recess.	<ul style="list-style-type: none">• Air-conditioned room to hang out	<ul style="list-style-type: none">• Being bullied during free time• The heat
Because they refuse to dress for PE, a group of students are told to "sit on the wall" during the period.	<ul style="list-style-type: none">• Free time with friends	<ul style="list-style-type: none">• Exercising

Behavior Is Contextual

We behave differently in various settings

Behavior is Contextual: School Example

Behavior is Human

Children, like adults, sometimes choose to demonstrate inappropriate behaviors

Behavior is Human: School Example

Despite having called the meeting to order, a number of people ignore the principal's request to quiet down. Instead they continue to talk loudly with friends while complaining about having to be at school.

What kind of meeting is this?

- a) Student assembly
- b) Staff meeting
- c) PTA
- d) All of the above

PBS Commitments

- ◆ *Build a Safe & Welcoming Community*
- ◆ *Structure for Success*
- ◆ *Actively Manage the School*
- ◆ *Understand Behavioral Dynamics*
- ◆ *Be Proactive Rather than Reactive*
- ◆ *Stop Doing What Doesn't Work*

PBS Processes

- Define universal expectations
- Provide explicit behavior instruction
- Consistently acknowledge and correct behavior
- Thoughtfully apply and evaluate consequences

PBS Processes (continued)

- Create multi-tiered behavioral supports (school-wide, group, individual)
- Proactively manage all locations on campus
- Establish an environment which is responsive to data

First Steps

- Establish administrative commitment
- Form a representative PBS Team
- Gain school-wide commitment (>80%)
- Adopt universal expectations

First Steps *(continued)*

- Adopt a referral database and referral forms
- Develop a school-wide social skills instruction schedule
- Create a school-wide reinforcement system
- Progress monitor everything

Benefits of PBS

- ◆ Improve the school climate
- ◆ Reduce referral/suspension rates
- ◆ Increase attendance rates
- ◆ Increase achievement
